

2022 February Membership Meeting

On the first of February, the club met in the R.H. Johnson Social Hall West.

The brief business meeting included a report that the old greenhouse was gone and work had begun on the new one. Expected completion was mid-April.

The March Membership meeting was cancelled since there were three other activities in the works for March: a tour of several SCW homeowners' desert gardens, a bus trip to the Botanical Garden, and a Spring Breakfast social event.

The speaker, John Budd, answered several questions on irrigation.
