

2023 Bus Trip to Tucson's Tohono Chul Gardens

The field trip to the Tohono Chul Park was attended by 56 SCW Desert Garden Club members. Tour guides were assigned to small groups to visit some of the multiple distinct botanical gardens. It felt personalized, allowing time for questions as the groups walked through the grounds. The guides were extremely knowledgeable and fun to visit with. A large rattlesnake was present for a short time while viewing one of the gardens. When the tours were over, club members were free to tour additional gardens, explore the La Entrada retail greenhouse (the bus driver was very accommodating with all the purchases made by members), the Garden Bistro, and the museum shop.
